U. S. Marshal's Notice.

UNITED STATES OF AMERICA, } ss.
DISTRICT OF OREGON.

WHEREAS, a libel of information has been filed in the District Court of the United States of America for the District of Oregon, on the 3d day of March, A. D. 1863, by Edward W. McGraw, Attorney of the United States for said District of Oregon, in behalf of the United States against the ship or vessel, to-wit: The steamboat called the *Maria*, her tackle, apparel and furniture, alleging in said libel that William L. Adams, Esq., Collector of the Customs for the District of Astoria on the 8th day of March, 1863, at the Port of Portland, in said District of Oregon, on waters navigable from the sea by vessels of ten or more tons burthen, seized said ship or vessel, to-wit: said steamboat called the *Maria*, her tackle, apparel and furniture, and then held the same in his custody at said Port of Portland as forfeited to the use of the United States of America; that said steamboat being an American ship or vessel, duly registered as such at the Port of San Francisco, in the District of California, and in the year 1859 at the Port of Victoria in Vancouver's Island, the same being a foreign port, sold or transferred in whole or in part, in trust, confidence or otherwise, to an subject or subjects of Her Britannic Majesty; that in the month of August, 1862 the said steamboat *Maria* did enter the Port of Astoria, in said District of Oregon, the same being the first American Port at which she had entered since said sale or transfer, and that said sale or transfer was not made known, as by law required, contrary to the statute in such case made and provided; and that by said sale and transfer and the neglect to make the same known, as aforesaid, the said steamboat, her tackle, apparel and furniture became forfeit to the United States of America. And that a certificate of registry granted to the said steamboat *Maria*, as an American vessel, at the port of San Francisco, in the District of California, July 29, 1858, was, on the 8th day of August, 1862, at the Port of Astoria, in the District of Oregon, fraudulently or knowingly used for said steamboat *Maria*, she being a ship or vessel not then (to-wit: on said 8th day of August, 1862) actually entitled to the benefit thereof according to the true intent of the Act of Congress entitled "An Act concerning the registering and recording of ships or vessels," approved December 31st, 1792, by which fraudulent use of said certificate of registry, said steamboat *Maria*, her tackle, apparel and furniture became forfeit to the United States of America. And praying that the same may be condemned as forfeited as aforesaid.

Now, therefore, in pursuance of the monition under the seal of the said Court to me directed and delivered, I do hereby give public notice to all persons claiming the said ship or vessel to-wit: the said steamboat *Maria*, her tackle, apparel, and furniture, that they be and appear before the said District Court, to be held at the Court House in the City of Portland, in and for the said District of Oregon, on the first Monday of April next at ten o'clock in the forenoon (provided the same shall be a day of jurisdiction, otherwise on the next day of jurisdiction thereafter,) then and there to interpose their claims and make their allegations in that behalf.

U. S. Marshal for the District of Oregon.

No flag but the Old Flag—the Red White and Blue,
With the stars of a Union unbroken and true
Arise and defend it ye sons of the brave
Whose blood bought the banner your valor must save

MONDAY MORNING, MAR 23 1863

By Telegraph.

The best news we publish this morning is that concerning financial affairs, by which it appears that confidence is so much revived, that the Treasury Department is again in funds on good terms, and will not at least for some time, be compelled to issue more "green backs." Even foreign capitalists seem disposed to renew their investments, and we have no doubt that if victory should attend our troops in the battles now imminent, American stocks will advance beyond the most sanguine hopes of present holders.

From the South west, every thing is favorable. The region along the Yazoo has been inundated, and the rebels have been compelled to run like rats in a freshet. Vicksburg is probably now in possession of the Federal fleet, as according to Gen Rosecran's dispatch, the rebels had evacuated it

It is evident that a grand movement towards Richmond will shortly be made by Hooker's army. We hope he is preparing a stupendous and welcome surprise for the nation, and a destructive one for the rebels, and we feel confident that nothing on his part will be neglected which can tend to promote success

The Senate had finally adjourned, but no further information is given as to appointments on this Coast The Sacramento *Union* reports that Dr McBride's nomination to the Eureka Mission was rejected by the Senate, and was again sent in by the President, its fate on the last effort we have not learned, though we think it would be confirmed

New Almaden Quicksilver Mines —As has been previously announced in our telegraphic dispatches from the East, the United States Supreme Court has rendered a decision in favor of the New Almaden Quicksilver Company and against the United States, thus restoring to the Company the possession and right to continue their operations in the production of quicksilver. The decision in favor of the Company is regarded as highly beneficial to our mining community, from the fact that had the United States gained possession and the mines gone into new and inexperienced hands appointed by the general government, much delay would have resulted in working the mines, and the price of quicksilver would have materially advanced The article of quicksilver will be in great demand here the coming season, and we are pleased to learn that the Company have an agency in this place, with a large supply constantly on hand We might also add, that in their selection of Messrs Tracy & King as agents, the Company have selected men well calculated to further their interests

Strategy by Volunteers —It has been generally noticed by our citizens that the soldiers of Co. C, at Camp Baker, are remarkably quiet, well-behaved men The best of feeling exists between them and our citizens This is the more remarkable from the fact that, for sixteen months' service, they have not, as yet, received any pay True they are comfortably quartered at Camp Baker, and the inner and outer man well provided for, but the lack of money necessarily deprives them of many little articles they desire Their greatest punishment, however is in being unable at all times to have within "supporting distance" a "longitudinal chunk of the pure Virginia weed"—the staple luxury of the American soldier, sailor and citizen It is said that a sailor will sell his last shirt for a chew of tobacco, and it is not surprising that a soldier should barter his boots for a whole pound of the coveted article

Not long since, a soldier of Co C struck a trade with a German in Phœnix, exchanging his boots for a pound of tobacco This German is proprietor of a gingerbread bakery and also trades in tobacco, whisky, lager, etc The soldier returned to camp, indifferent to the consequences of appearing on drill the next morning without his boots, as he rolled a sweet morsel of the luscious luxury under his tongue. His companions were apprised of his luck by a generous division of the tobacco. As the tobacco went round, a mischievous genius proposed a plan for regaining possession of the boots and having a good time generally. The plan was agreed to and carried out in the following manner After taps, at night, a corporal's guard of the men went to Phœnix, and posted themselves near the bakery. One of the party then went into the house, represented to the German that he was going to desert, and wanted to sell his overcoat. After some bartering, the German agreed to give him a can of whisky and a five dollar greenback for the coat The trade being made, and the woman of the house kindly furnishing him with eatables to sustain him on his lonely way, he started for the door, his appearance in front of which, in his shirt sleeves, was the signal for the self constituted guard to arrest him, which they quickly did, and rushing into the house demanded the coat The thoroughly alarmed lager-beerian hastened to hand over not only the coat but the boots also He protested that he had not *bought* the articles, that the soldier had *just left them there*, and to conciliate the guard, he liberally treated all to whisky, lager, gingerbread, etc Of course, as the German had not bought anything it would not do for the soldier to criminate him by returning the whisky and greenback After refreshing themselves at the expense of the liberal baker, the party returned to camp gloriously drunk, and singing a patriotic song The guard was called out, and the whole party lodged in the guard house until morning, when Capt. Kelly, after hearing the facts, released them, evidently satisfied that such a trick could not be played twice in the same community —*Sentinel*.

COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues Throughout every town and almost every hamlet of the American States its wonderful cures of pulmonary complaints have made it already known Nay few are the families in any civilized country on this continent without some personal experience of its effects and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons Parents should have it in store against the insidious enemy that steals upon them unprepared We have abundant grounds to believe the Cherry Pectoral saves more lives by the consumptions it prevents than those it cures. Keep it by you and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away

All know the dreadful fatality of lung disorders and as they know too the virtues of this remedy we need not do more than assure them it is still made the best it can be We spare no cost, no care no toil to produce it the most perfect possible and thus afford those who rely on it the best agent which our skill can furnish for their cure.

IN MEMORIAM.—The poor *Commercial* came untimely end last Saturday, and shall have a deserved epitaph. Born of poor but honest and industrious parents, it might perhaps have been a credit to them, but for the folly and ignorance of wet-nurses who spoiled it and made it so worthless that it would not pay to raise it. Its brief existence was spent in abusing the Democratic party, but it failed, as there was no such thing,—its "fond hopes were not realized," and it closed its mosquito life breathing gentle curses against the selfish [illegible] who had promised to be its sponsors, but refused to pay the little spondulicks necessary to its comfort and welfare.—The latter, disgusted with their ingratitude, closed its young and simple eyes and went to a known place. Having lived regretted, it died benighted, and every body was glad of its feeble toils and useless sufferings were over. We ought to add that it was perfectly harmless,—its little habits of lying and telling ugly faces being tricks which it evidently inherited, and which never hurt anything but itself. It hated the Union, the Government, and all good things, and it loved with all its petty heart, Jeff. Davis, secession, slavery, and every body who sympathized with them, but its hate and its love were alike impotent and empty, and resulted in nothing but its own exhaustion. So it died, and its ashes are its only monument.

ARRIVED.—The bark *Industry*, Capt. Corno, twelve days from San Francisco, arrived at her wharf yesterday morning, with a cargo of assorted merchandise. She reports the bark *Almatia* in Baker's Bay, and having attempted to reach Astoria was compelled to put back on account of heavy southerly winds, during the prevalence of which she lost an anchor. The following is the manifest of the *Industry*:

[illegible] & Co, 50 packages; H W Corbett, 281; Walter Brooks, 37; E C Cook, 144; diamond P H P, 656; R L Ellis, 11; Lee & Lewis, 699; Dr Weatherford, 123; J R Foster, 700; Slater & Pate, 84; Seller & Co, 167; T K, 21; [illegible] & Co, 255; S & C, 250; diamond L, 160; Smith & Davis, 200; H & C, 22; H W & Co, 91; Savier & Co, 230; L & Co, 49; [illegible] & Sanders, 100; Smith & Cartwright, 30; French & [illegible], 224; T S & Co, 345; B & J, 253; Moore, Baker, 39; D F Harrington, 332; B & K, 304; C W Co, O City [illegible]; [illegible] & Dallas, 80; A C & Co, 250; S & C, Salem, 286; [illegible], 51; G, 85; P S, 86; W & S, 45; S C H & Co, 2; A A L, 81; O S B Co, 30; R & E, 115; Smith & Colesbery, 75; H L Turner, 21; Strauss & Co, 19; Bloch, Miller & Co, 130; S F, 652; C L & Co, 9; L & B, 20; L W B, 14; M H, sailing, 12.

MERCER COMPANY.—A volunteer militia company, consisting of some forty-odd members, was organized in this city on Saturday last, by virtue of the militia law passed at the last session of the Oregon Legislature.—The following gentlemen were elected officers of the Company: W. S. Powell, Captain; S. F. Kerns, First Lieutenant; E. B. Dufur, Second Lieutenant; C. H. Hill, First Sergeant. "Ready for the boys."

NEW TELEGRAPH OFFICE.—Rooms are being fitted up in the PIERSON Hotel, in this city, for the office of the Overland Telegraph. We learn that the stretching of the wire along the line towards Yreka, is progressing as rapidly as possible, and will reach Salem in a few days. May Gen'l [illegible] success attend the enterprise.

THE FARMER'S ALMANAC.—We have received from Redding & Co., the enterprising newsdealers of San Francisco, a copy of their California edition of the above almanac. It is filled as usual with interesting statistics, and is valuable as a work of reference.

Fire Station No. 4.—A special meeting of Protection No. 4, will be held at the Council Chamber this evening at 7½ o'clock.

Willamette Lodge, No. 12, F. & A. M., holds regular sessions on the 2d and 4th Mondays of each month. Work P. M. Brethren in good standing are invited to attend.

The Proprietors are well known to the whole community for their fair dealing in the management of their other first-class Markets—the Empire, on Washington street and the Franklin on Taylor street.

FIRE-PROOF STORAGE.—The Fire-Proof Stone Warehouse, opposite the Pierson House, is the only building, not made of wood, in the city, where goods are taken on STORAGE. All other houses that take goods on storage are wooden buildings in the lower parts of the town, liable to the risk of fire. The subscriber assures his patrons that his charges are but $1 50 per ton per month storage and although storage in wooden buildings is $1 00 per ton, yet the public cannot fail to perceive the advantages the subscriber possesses over other warehouses of this place.

DOCTOR VAN ZANDT,

CONSULTING PHYSICIAN & SURGEON,

Office, Corner of Washington and Sansome streets, San Francisco.

The GREAT SUCCESS of this CENTURY as an AID to PRACTICAL MEDICINE.

The Mysterious Psythm of Material Nature, Electricity! made subservient for the Cure of all Nervous and Spinal Diseases.

THAT THIS PRINCIPLE SUCCESSFULLY APPLIED to disease is a fact the system is to receive the great sought for necessity, long wanting by physicians, to aid their medicine in restoring strength and functional derangements of the human body. It is a part of that great principle of vitality that when nervous influence, and forces [illegible] must have much to do in obstructing diseased action.

Too Much Cannot be Said

In its praise; for it is highly probable that in health there is an exact equilibrium of the Electric principle; and should this secret and sudden emprise of health be broken or lowered—should the body be negatively electrified when it should be positively charged—is not the current in keen, and is there not a war of forces going on in the system? This aids in correcting, and in order that the causes of the body should be perceptible to remedial agents, we must first restore and

Awaken the Magnetic Life within us

The spinal and sympathetic nerve systems. Believing as I do most firmly in the great magnetic or electrical intensity of the earth, with its influence upon our bodies in health and disease, I am led to take advantage of the Press, through which to awaken attention to the subject, that good may come to all.

No Compromise with Disease.

Give the body strength, and nature will relieve herself. Purify the life-blood, render the stomach, liver, heart, kidney and all the natural functions active by ELECTRICAL excitation, and at once the aged, the patient, the nervous, the dispirited, the melancholier, the dyspeptic and the invalid revive under its benign influence.

To the Ladies of California.

Dr Van Zandt's success with complaints of women, both in family and office practice, is owing to his correct views of the origin of all their maladies. Ladies can consult him with entire confidence, as he is no speculator upon human life—but is proving himself the only member of the legitimate profession in California who is really successful in removing those ills which are the peculiar province of the sex. His high appreciation of their delicately attuned nervous organism, together with their great sympathetic life, renders him doubly able to assuage those silent complainings which they bear so patiently and so long. No social despondency need longer afflict our home circles, for he can awaken the stricken energies; restore the wasted comely of the body; awaken the melancholic and despondings; arrest the wasting drains which cause so much anxiety; cure those protean maladies which have so long

Baffled the Skill of Physicians.

Develope appetite, life and animation, dispel nervous headache, sinking at the stomach, wandering pains, wasting away of strength, extreme debility and lifelessness, hectic cough, sleeplessness, unpleasant dreams and that general depression of life's powers, which go to render her life a misery and death a boon. Dr. Van Zandt, with his new method of exciting the Electro-Galvanic current, together with his remedial measures which are adapted to the requisites of California, will assure you of a complete and radical recovery of all bodily and mental infirmities, and will restore you to usefulness, and spare you a blessing to your family and society.

All the world over

wherever disease exists, whether special to the soil and climate or common to all regions—epidemic or casual, acute or chronic, contagious or non-contagious—it is as necessary to restore the ELECTRO-GALVANIC equilibrium, especially in California, as it is to give food to the starving. This statement is based upon a series of facts extending through many years, and verified by hundreds of patients; so that no principle of science, no rule of experience, no result of any well known cause, rests upon more sure and unassailable foundations. Can those which underlie the world-wide reputation of Electricity for the cure of all nervous states of the body, faulty digestion, mental and physical debility or prostration, coughs, asthma, wandering pains of a rheumatic, gouty or neuralgic character, and all forms of disease, the result of scrofula or constitutional habit of body.

None Need Despair of Relief.

If you have nerves which will not heal—pains that cannot be removed—melancholy which you cannot shake off—loss of power which you cannot recall—depression of spirits which weigh you down—wakefulness that knows no sleeping—business that languishes for want of energy—a void which no society can fill—suspicion which no assurance can allay—go to Dr. Van Zandt, for his great success and the safety with which he administers his new method of electreal excitation, together with his remedies, which are adapted to the requirements of climate and constitution, will assure you of a complete and radical removal of all bodily and mental infirmities, within the scope of science and man to remove.

The Eye and Ear Diseases.

It must not be forgotten by the eye and ear sufferers that Dr Van Zandt has made these afflictions an especial study, and that he is the only Surgeon in our State who has a diploma for that branch of practice. Very many of the eye and ear troubles are purely deranged nervous action, and are cured by his electro-galvanic battery—as amaurosis, squinting, cataract, floating specks before the vision, twitching of the eyelids, nervous deafness, roaring and buzzing noises in the ears, giddiness, etc. All operations successfully done on those delicate organs of sense.

SEND FOR A CIRCULAR.

DR. BAKER'S

PAIN PANACEA.

Is composed entirely of healing gums and vegetable oil and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted, who have not used it, to try it for the following diseases: If they are not satisfied with its healing properties, the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally, morning, noon and night; it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea, to the affected parts, and gargle the mouth or throat three or four times a day.

If you have the Diarrhœa, or a relaxed state of the bowels, take a dose of Pain Panacea, and they will soon be restored. If you have a painful swelling, bathe the parts freely, and you will soon relieve pain, and the swelling will be reduced.

If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton and to the gum at the same time; it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Kidneys, bathe the parts affected morning and night; at the same time take a dose of the Panacea internally.

If a Mother has a caked breast, apply the Panacea as hot as it can be borne.

If you feel chilly or cold, as though you were going to have a fever, take a dose of Panacea.

If you have a wound, cut, or galls upon your horse, apply the Pain Panacea; it will take out all the inflammation and heal the sore in a short time.

Letter from Auburn

[FROM OUR REGULAR CORRESPONDENT]

AUBURN, MARCH 12 1863

To-morrow the Express leaves again and I must endeavor to give you a few items from this foreign region, to at least let you know that we are alive here even though we have a touch of winter left upon us To day the sun came out warm and pleasant, there was a breath of spring in the air and the streets became somewhat muddy so we live in hopes, and even predicate ideas of water in the gulches before long, though we may be somewhat rash in our conjectures

INDIAN DEPREDATIONS IN THE BOISE ROAD

There is a little life and business however based upon the idea of warm weather soon coming, and the emigration to Boise goes on meanwhile, though between horse stealing and Indian murders, the Boise road has of late acquired a very dangerous and uncomfortable reputation Within a few days past, I learn that Indians have driven off two bands, containing over 300 horses from Boise River, and this is only a small portion of the losses incurred there during the winter The expedition in seach of the Indian thieves seems not to have accomplished much

MURDER ON SNAKE RIVER

Two men named J L Brayton and Isaac Wendell, were murdered on Snake River, only a short time since They were descending Snake River to Lewiston, intending to prospect on the river as they went down, and were murdered by the Indians while packing some of their stuff around a rapids they were afraid to descend with the canoe full laden There were two other men along who missed them and returned in search and found every thing gone but a pistol scabbard they identified — The ground was trampled, and they found a pool of blood and Indian tracks which induced them to believe their friends and comrades had been murdered, while fear for their own safety prevented a further search Since then, I understand that a search has been made, and the bodies of the murdered men were found They had been murdered and scalped, and some $600 in coin and dust was still upon their persons This murder occurred quite a ways down Snake River, and has taught travellers the necessity of exercising great care and caution in travelling the Boise Road.

SERIOUS DIFFICULTIES MANIFEST

The horse stealing has proved a very serious loss to many persons, as in some instances whole trains have been driven off, and enterprising packers thrown out of business Some are already returning from Boise dissatisfied, saying that there are already more men there than can find claims, but their opinions must have been illy formed, for at the present time no thorough prospecting could be done, that is certain.

THE RUSH STILL CONTINUES

Many on the road thither, (and the whole distance to the Dalles is said to be crowded with thousands rushing somewhere,) will still find a reserve field for their labors, in the southern portion of Baker county, on the waters of the Malheur and Owyhee rivers, that have never been prospected, as yet, to any sufficient extent to determine their wealth, though enough to justify belief in their richness, as the emigration that came overland from California last season can testify — Parties here are intending, as soon as the Spring opens fairly and the snow goes off, to prospect that whole region thoroughly

IMPROVEMENTS AT AUBURN

The hammer and the saw are at work here again—one of the indications of Spring—and the business of the place will undergo some change, from the fact that the upper town, which has hitherto been the principal business centre, will be pretty thoroughly washed out soon, the operation having already commenced, and one of its principal thoroughfares been entirely blocked up by a deep cut intended for a bed rock flume

RECEPTION OF EXCISE STAMPS

The first edition of excise or internal revenue stamps made their appearance here to day, and created quite an excitement We were about to be blocked in all business operations by the want of them, and the supply on hand will need soon to be replenished, even should the party possessing them prove a "liberal cuss" and share around, which he may not conclude to do, as he can thus for a while retain the monopoly of much business in his own hands thereby

A QUESTION SETTLED —The Cincinnati *Gazette* has the following

The Indiana soldiers at Murfreesboro having adopted resolutions severely reflecting on the traitors at home, the Indianapolis *Sentinel* endeavored to misrepresent the facts in the case, and charged that all but one company of the 33d Indiana voted against them The *Journal* shows that, on the contrary, they voted almost unanimously for them It is a no less interesting fact that this movement originated with the Democratic soldiers in the field, as the following extract from a private letter, written by Colonel John C Wilder, commanding a brigade in Gen. Reynolds' division, shows.

MURFREESBORO, Tenn., Jan. 18th 1863 — Myself, in connection with other Democrats in the army, concluded it was time to let demagogues at home know our position in these matters We, therefore, drew up this petition, which every soldier from Indiana will indorse, and which is now being done I am having it read on parade before the Indiana regiments, and take a vote by having all in favor of it step two paces to the front, and then having the regimental commanders indorse the result on the bottom of it The whole matter was started by me, a Democrat, drafted by Major Jordan, a Democrat, and indorsed by Col Hathaway and other influential Democrats

"An Irishman who had been but a few months in the country, and in the employ of a gentleman in the suburbs being sent with a note, with orders to make all possible haste found a garden tortoise which he picked up, supposing it to be a pocket book Determining to be faithful to his errand, he did not stop to examine his supposed prize but placed it in his pocket, a rich reward when his errand was finished. Before he reached home, the tortoise made its way nearly out of his pocket, but Patrick quietly reconsigned it — On his arrival at the house he took it out and to his great disappointment, but full of excitement, rushed wildly into the kitchen, exclaiming to the cook, 'Bessie, Bessie! did ye ever see a toad with a river?"

In one of Caroline Gilman's romances, this passage was marked and much thumbed "There is no object so beautiful to me as a conscientious young man I watch him as I do a star in heaven" "This is my view exactly!" sighed Miss Josephine Hoops, as she laid down the volume in fact, I think there's nothing so beautiful as a young man, even if he ain't conscientious"

A silver mine and machinery belonging to Sylvester Mowry, situate in Arizona, have been confiscated by the Government

The Sacramento *Union* calls the Vicksburg ditches 'Grant's Internal Improvements"

The Usurping Emperor of China

We publish as a great curiosity the following characteristic letter received by our friend Dr J C Ayer 3d will Massachusetts from the Rebel Chief the usurping Emperor of China in acknowledgment for quantities of his Cherry Pectoral and Cathartic Pills the Doctor sent him as a present —(*Christian Examiner*)

To Doctor Ayer in America—*The great curiosity Barbarian of the outside country*

Your present of sweet curing seeds (*Pills*) and fragrant curing drops (*Pectoral*) of the Cherry smell I have brought to Hing seu Ishe—the mighty Emperor (Kwang Ti) of the terrible, sweet Ming dynasty. By grace of Heaven received after an interval of ages Princes of princes (Ta Ping Wang) of China—the central flowery land. He directed his powerful Mandarins to give them to the sick according to what the inscriptions read from your printed papers (*directions*) Behold loudly happy, O wise Barbarian for Yang seu Ising say it Your curing seeds and sweet curing drops went present the sick in His army of the White Sword and have made them well Be protected happy while you live for this is known to the mighty Emperor of China who approves your skill and permits you to send more of your curing Medicines for his fierce armies of myriads of men

They may be given to Chiang Lin, chief Mandarin of the Red Button at Shanghai, who will repay you with Tael, Silver and Gold

The high Mandarins of China have heard your great knowledge, surpassing all other foreigners even aspiring to equal the divine wisdom of our own healing teachers, who make remedies that cure instantly We are pleased to know you bow in trembling terror before our Mighty Emperor

Written by YANG SEU TSING

Minister in Chief of the restored Imperial dynasty, destined by the heavenly wisdom to rule in China

(*Translated by the American Consulate at Hong Kong May 3d, 1862.*)

THE MILLENNIUM COMING —We have from our childhood been taught to believe that it is more blessed to give than receive, but we confess to having a lingering doubt on the subject in spite of the precepts of holy writ and the teachings of the Sabbath School until a very recent period Our doubts are all set at rest, however, now in fact, we never saw a proposition of any kind *quite* so satisfactorily demonstrated before, In the Twelfth District Court, a suit entitled 'Briggs vs Yates' was instituted some time since—the object of the action being the recovery of a specified amount due in dollars and cents The case was called last week, and the following entry was made 'Judgment for plaintiff by default, on motion of defendant *plaintiff objecting*" Whether the plaintiff will still endeavor to defend the law by hiding from the Sheriff, who goes after him to pay him the amount of the judgment in greenbacks, or will boldly face the music and take fortune as it comes, remains to be seen —*Call*

THE EPISCOPAL CHURCH IN LOUISIANA — T S, Bacon, a Louisianian, and lately appointed Rector of Christ Church in New Orleans, has addressed a letter to the members of the Protestant Episcopal Church in the diocese of Louisiana" in which he advises a return to the fellowship of the Church of the United States Bacon says the diocese of Louisiana has never yet joined the Church of the Confederate States, and that if the doctrine of the seceding Bishops is correct, that the church goes with the supreme power in the State, this allegiance is due to the United States — He says that they have had no Bishop for a year and a half, and that the Bishop, in violation of his vows, has gone "a soldiering" More than one third of the pulpits are also vacant

It is known that secesh political societies, strongly suspected of having treasonable intentions, exist in Indiana. A resolution was recently introduced into the Legislature of that State, directing an investigation into the matter Every Democrat voted against it

A Court of divorce has been engaged in hearing a case brought by a mother to dissolve the marriage of her son, on the ground that he was a lunatic at the time of the marriage A crusty old bachelor trusts that the plea will not be granted, as it may separate half the young couples in the country
